Professional Fire Fighters of NH
25 Nashua Road Box 17
Londonderry NH 03053

Dear David: *Dave*

On behalf of the NH Department of Safety, Division of Fire Standards and Training and Emergency Medical Services we would like to thank you for the invitation to partner with you in your efforts to support local EMS and Fire Units' combat Carbon Monoxide poisoning. Your Public Safety Grant program will provide needed support and assistance to EMS and Fire Departments (career, volunteer and combination) in NH as they focus on increasing the pre-hospital technology available to assess Carbon Monoxide exposure levels in our patients and responders. We welcome the opportunity to provide our support to the Professional Fire Fighters of NH in this endeavor and as well as to partner in the enhancement of pre-hospital assessment and care.

As always, if we can be of further assistance, please do not hesitate to contact either of us at (603) 223-4200. Thank you again for the invitation

Sincerely,

Richard A. Mason, EFO, CFO
Director, FST & EMS

Suzanne M. Prentiss, BA, NREMT-P
Chief, Bureau of EMS
FST & EMS
